

## **FAST® LSX<sub>RT</sub>™ 102mm High HP Runner Intake Manifold For LS3 Engines Offers Even More Plenum Volume For All-Out Racing**

**Memphis, TN** – The latest manifold-and-runner design from FAST® is designed to provide enthusiasts and racers with additional high-RPM power.

New High HP intake runners from FAST® are now available in a complete all-out race manifold package. Building upon the popular LSX<sub>R</sub>™ intake manifold, this new LSX<sub>RT</sub>™ version gives LS3 engines with rectangle-port cylinder heads even more plenum volume for all-out racing. Best suited for high-RPM race engines, the Race Manifold creates proven gains of over 30 horsepower over the FAST® LS3 Street Manifold at high RPM. The raised 102mm throttle body location optimizes the larger, less restrictive High HP runner design, creating more power. It also clears truck drive accessories.

### **Quick Facts**

**Product:** FAST® LSX<sub>RT</sub>™ 102mm HP Runner Intake Manifold for LS3 Engines

**Part Number:** #146105B (Full Manifold w/ Runners); #146070 (Runner Set Only)

**Street Price:** \$1,049.99 (Full Manifold)

**Social Media Pitch:** The FAST® LSX<sub>RT</sub>™ 102mm High HP Runner Intake Manifold for LS3 Engines has more plenum volume for all-out racing & proven gains of 30+ HP

#### **Features & Benefits:**

- Proven high-rise design delivers gains of 30+ HP
- Feature larger plenum volume than LSX<sub>R</sub>™ High HP intake manifold
- Raised throttle body location to clear truck drive accessories
- Best suited to high-RPM race engines

### **About FAST®**

In 2001, FAST® was acquired by the COMP Performance Group™ and moved its headquarters to Memphis, TN, to become the popular electronics company that we know today. After more than a decade in the performance aftermarket industry, FAST® is the recognized leader in advanced EFI technology. Now, not only does FAST® offer the components to adapt virtually any engine to fuel injection, it is also an emerging force in the ignition market. With the latest in easy-to-use electrical components, the experts at FAST® have everything that you need to make high-tech horsepower.
